CALENDAR CHECK

(Registering for a field trip is not required but if you register the leader will call you if the time or meeting place is changed)

MEETINGS

APRIL 16 TUESDAY REGULAR MEETING

Time: 7:00 p.m.

Place: Idaho Fish and Game Office
2750 Kathleen Ave.

Program: Bart Whelton, Spokane, WA
"Birding in the Russian Far East"

APRIL 26-28 FRIDAY-SUNDAY AUDUBON COUNCILS OF IDAHO AND WASHINGTON

Location: Moscow, Idaho

Program: The subject of the conference is; "Boundaries Beyond Borders" see enclosed information and registration form.

FIELD TRIPS

APRIL 6 SATURDAY HEYBURN STATE PARK

Time: 8 a.m.

Meet: Fernan Ranger Station on East Sherman

Leaders: Lisa Kirchhoffer/Judy Waring
765-5378

Activity: We'll try again! This trip was canceled in January due to heavy snow and icy roads but an April trip holds even more possibilities. Lisa Kirchhoffer, AmeriCorps Member, will lead the way along the marsh to see what spring waterfowl have arrived, then into the woods where we hope to find woodpeckers, song birds, and if we're

lucky, the resident Great Horned owl. Bring your lunch and we will have a picnic to round out the day.

APRIL 13 SATURDAY NATIONAL PUBLIC OUTREACH FOR THE ENVIRONMENT

Time: 9:00 a.m.

Meet: City Park Bandshell

Organizers: Scott Brown and John Rosapepe, Idaho Conservation League
Call 664-9184 for more information.

Activity: To kick off Earth Week, conservationists are organizing a one-day national event to hand-deliver the environmental message to 2.5 million households. Coeur d'Alene is one of many communities where environmental activists will deliver "doorhangers" bearing the theme: "protect America's Environment For Our Families, For Our Future." In Coeur d'Alene, this major event to get our message out is being sponsored by Idaho Conservation League, Idaho Rivers United, the Northern Rockies Campaign and the Sierra Club. Join us and hundreds of fellow activists across the state. Meet Scott Read at the City Park Bandshell and take part in this important environmental event.

APRIL 2 MONDAY APRIL 14 SUNDAY MICA BAY SURVEY

Time: 8:30 a.m.

Meet: Fairmont Loop Road Turn Off, just south of the Spokane River Bridge on Highway 95

Leaders: 4/2 Pam Comrie
773-9396 4/14 Shirley Sturts 664-5318

Activity: We will be doing our usual survey. With spring migration in full swing we should add several new birds to our Mica Bay list.

CALENDAR CONTINUED ON PAGE 2

CALENDAR CHECK

Continued from page 1

APRIL 20 SATURDAY FARRAGUT STATE PARK

Meet: Park Headquarters

Time: 9 a.m.

Leader: Cindi Langlitz

683-2425 ext. 25 or 687-2475 eve.

It's time! The bluebirds will be back, a sure sign of spring. Cindi Langlitz, AmeriCorps member, will take us to their nesting boxes, and to other areas where we are likely to see American Kestrels, Golden-crowned Kinglets, Pygmy Owls and who knows what else! This nearby state park is well worth visiting throughout the year. Check at Headquarters for upcoming activities. Lunch, binoculars and you're all set.

APRIL 23 TUESDAY BIRDING WITH A BROWN BAG

8th in a series of noon time birding

Time: 12 noon to 1:00 p.m.

Meet: Parking spot for Blackwell Island across road from Cedars Restaurant

Leader: Roger Young 664-4179

Activity: We will tour Blackwell Island again, now that the flood waters are down. We will look for returning migrants along with the more familiar year around residents. Please join us for a change-of-pace lunch hour.

APRIL 28 SUNDAY LITTLE SPOKANE RIVER

Time: 8:00 a.m.

Meet: SW corner-Rosauer's parking lot

Leader: Judy Waring 765-5378

Activity: Nest building and the raising of young birds should be in full swing by late April, an exciting time of the year for birding. On this trip we will be observing the Blue Heron rookery high in the tree tops along the river. These birds are anything but subtle as they nest. You can hear them squawking long before you see them. Our hike along the river should turn up many other species too. Bring your lunch and do what you can for good weather.

May 25-27 SATURDAY-MONDAY MEMORIAL DAY TRIP TO BOISE

Leaders: Phil and Judy Waring
765-5478

Activity: The World Center for Birds of Prey, guided local birding, an evening of birding along the Boise River green belt - this trip is one you don't want to miss. We will reserve for overnight at motel and campgrounds.

Please call Judy or Phil Waring if you plan to attend so final plans and reservations can be made.

JUNE 22 SATURDAY MOYIE RIVER FLOAT TRIP

(Due to high water this year this trip, originally planed for June 1 or 2, has been changed to June 22)

Last year several Auduboners floated down the Moyie River with Nancy Mertz (Audubon member and rafting guide with ROW). Those that went had a great time. Among the birds seen along the river were Harlequin Duck and Spotted Sandpiper. Nancy is offering the trip for our chapter again this year. If you are interested call Nancy Mertz at her work phone: 765-0841 for details.

Wild Bird Crossing

Everything for bird feeding and bird-watching.™

7352 Government Way, Suite G
Coeur d'Alene, ID 83814
Phone: (208) 762-8148
Fax: (208) 762-9145

Dave Pratt, Owner

Wild Bird Crossing will give Audubon Members a 10% discount. Present your membership card or a copy of the Fish Hawk Herald with your name on it.

Bird Quotes Quiz

(Bird watching inside literature)

Check your bird/literary IQ. There are many memorable quotes, poetry, and quips about birds. How many can you recognize? Who said.....

(see answers on page 7)

(send quotes to the editor for future newsletters)

"Sparrows far off, and nearer, April's bird,
Blue-coated, flying before from tree to tree,
Courageous sing a delicate overture
To lead the tardy concert of the year ."

"Only once more to feel the coming spring,
As the birds feel it when it bids them sing."

"The thrush, The hermit withdrawn to himself."

"Upon the lofty elm-tree sprays
The vireo rings the changes sweet
During the trivial summer days,
Striving to lift our thoughts above the street."

BIRD SPECIES NAME CHANGES

By Shirley Sturts

The American Ornithological Union, A.O.U., recently made revisions to The A.O.U. Check-list of North American Birds. The continuous flow of new information on the birds makes any check-list obsolete in a very short time. When major changes in classification are considered well supported by published evidence and widely accepted, you will find the names

of birds changed in the field guides you are using. Birders sometimes find these name changes frustrating. In 1983 the Audubon's Warbler became known as the Yellow-rumped Warbler. You will hear birders yell out, "I see an Audubon's Warbler! Oh!! I mean Yellow-rumped Warbler". Old time birders just call this warbler "Butter Butt", but you won't find this name in any of your field guides.

Dave Pratt, owner of that nice new store on Government Way, Wild Bird Crossing, has a new Field Guide on his shelf: Stokes Field Guide to Western Birds by Donald and Lillian Stokes published by Little, Brown and Company, 1996. He has been getting puzzled calls from his customers. "Hey! Dave, this new book has a lot of mistakes in it. I can't find my favorite bird, the Rufous-sided Towhee." "What happened to the Northern Oriole?" "No", Dave tells us, "these are not mistakes. The guide is just reflecting the newest revisions by the A.O.U.." The changes are so recent that they have not even been published in the birding journals yet. But, Dave is prepared, he has a list of all the changes to share with his customers. (Two of these changes are discussed in the following paragraphs)

The Rufous-sided Towhee, *Pipilo erythrophthalmus* has been divided into two separate species: the Eastern Towhee, *Pipilo erythrophthalmus* and the Spotted Towhee, *Pipilo maculatus*.

The field guide put out by Golden Press in 1966 is in agreement with the new field guide written by Donald and Lillian Stokes. They both have the Baltimore Oriole, *Icterus galbula* and the Bullock's Oriole, *Icterus bullockii* as two separate species. For a short time these were considered one species, the Northern Oriole, *Icterus galbula galbula* and *Icterus galbula bullockii* as reflected in the field guides published by National Geographic in 1983 and The 1990 Peterson Field Guide.

THE BIRD FEEDER SURVEY RESULTS

OBSERVERS:

Marilee Benson (MB) Garfield area
 Karna Boarders (KBB Emerald Estates north of Hayden lake (residential)
 Kris Buckler (KSB) Potlatch Hill just east of Cd'A
 Barbara Dorrell (BD) Squaw Bay, Cda Lake (forest, wetland edge)
 Mary Manning (MM) Cda city (residential)
 Jack McNeel (JM) Stanley Hill
 Theresa Potts (TP) Arrowhead Road (edge of city, Ponderosa Pine, bushes, small trees)
 Lee Strelz (LS) Emerald Estates north of Hayden Lake (residential)
 Shirley Sturts (SHS) Fernan Lake (forest, near lake)
 Roger Young (RY) Fernan Hill (edge of residential, forest) didn't count Feb. 1-15

The number represents the total number of birds seen at 10 feeders on 1 date during the following 4 time periods.
 The initials represent the feeders that were reporting the species in order of the largest number counted. Numbers in () represents the number of feeders reporting this species.

NAME OF BIRD SPECIES	DEC. 15-31	JAN. 1-15	JAN. 16-30	FEB. 1-15
Ring-necked Pheasant (LS,RY,JM,TH)	5 (4)	4 (3)	3 (2)	1 (1)
California Quail (JM,RY)	64 (2)	62 (2)	37 (2)	40 (1)
Downy Woodpecker (LS,RY,MB,KRB,TP)	1 (1)	3 (3)	5 (3)	3 (2)
Hairy Woodpecker (KRB,MB,BD,SHS,KSB)	1 (1)	2 (2)	5 (3)	3 (3)
Northern Flicker (LS,KRB,BD,TP,RY)	6 (3)	10 (3)	13 (4)	10 (3)
Pileated Woodpecker (LS)	-	-	1 (1)	1 (1)
Gray Jay (KSB)	-	-	-	2 (1)
Steller's Jay (KSB)	-	-	-	1 (1)
Black-Billed Magpie (RY,LS,MM,SHS)	3 (3)	1 (1)	-	-
B-C Chickadee (BD,LS,KSB,SHS,MB,JM,RY)	26 (6)	26 (6)	28 (6)	16 (3)
Mt. Chickadee: (KRB,JM,RY,KSB,SHS)	1 (1)	5 (3)	6 (4)	9 (3)
Chestnut-backed Chickadee (KSB)	-	2 (1)	2 (2)	2 (2)
R-B Nuthatch (LS,RY,KRB,KSB,MB,TP,SHS,JM)	21 (7)	23 (7)	16 (6)	25 (7)
Pygmy Nuthatch (TP)	7 (1)	-	-	-
Brown Creeper (KRB)	-	2 (1)	1 (1)	-
Varied Thrush (SHS,RY,LS,JM,MB)	-	-	6 (4)	4 (2)
Song Sparrow (BD,SHS,JM)	2 (2)	3 (3)	3 (2)	2 (2)
D-e Junco (BD,RY,LS,MB,KSB,JM,SHS,KRB,TP)	37 (6)	70 (5)	134 (8)	179 (7)
Cassin's Finch (KSB,SHS)	2 (1)	-	20 (1)	20 (1)
House Finch (RY,JM,SHS,KSB,LS,BD,KRB,MM)	59 (4)	113 (7)	111 (6)	77 (6)
Pine Siskin (LS,KRB,JM)	22 (1)	18 (1)	2 (1)	17 (3)
American Goldfinch (MB,KSB)	50 (1)	20 (1)	10 (2)	-
Evening Grosbeak (MB,KSB,LS,SHS)	8 (2)	12 (2)	57 (3)	56 (3)

Species using feeders and/or provided water but not on counted on any of the count dates:
 Northern Flicker KSB,MM; Pine Siskin KSB

Species seen in the count area during the period but not using feeders or provided water:
 Bald Eagle BD,KSB; Red-tailed Hawk BD; Sharp-shinned Hawk RY; Steller's Jay JM
 American Crow MM; Common Raven KSB,MB; American Robin BD,KSB,JM,MM; Varied Thrush BD
 Bohemian Waxwings BD,MM; Cedar Waxwings KSB,JM; Northern Shrike BD

BIRD SPECIES NAME CHANGES

CONTINUED FROM PAGE 3

If you want to be up-to-date with your names, you should consider purchasing Stokes Field Guide to Western Birds. It is for sale at Wild Bird Crossing for \$16.95 less 10% if you let Dave know you are a member of the Audubon Society. I now have one in my collection of guides and I would consider it a must if you are serious about bird identification

A CALL FOR PUBLIC INPUT - IDAHO FISH AND GAME by Ellen Scriven

The Idaho Department of Fish & Game is soliciting public input to be used in the development of long-range management plans for some of the Wildlife Management areas in the Panhandle. Some of us received letters addressed to "Dear Sportsman". On March 7, the IDFG held an open house at the Medimont Grange to give participants an opportunity to identify issues which they believed should be addressed in the management plan for the Coeur d'Alene River Wildlife Management Area. There will be a second open house in the summer to develop strategies for this particular area. After a comment period, the long-range plan will be written and distributed. "The management goals for the WMA outlined at last week's open house were (1) Increase goose and duck production 2) Maintain hunting opportunities 3) Provide fishing and boating access 4) Maintain levels of big game hunting 5) Maintain current levels of production and habitat for nongame species and maintain opportunities for wildlife viewing and other non-consumptive uses.

Many of us have discovered the unique bird and wildlife watching opportunities in the marshy wetland and shallow lakes of the lower Coeur d'Alene

drainage. Much of this area is managed by the IDF&G. The long-range goals indicate a strong response to a vocal hunting and power-boating sector of the population. Those of you reading this newsletter, I think, would agree that long-range plans should give greatest attention to the preservation of wetland habitat. With nearly 500,000 acres of wetland lost annually nation-wide it is critical. Game and non-game species alike are dependent upon it. As many of you are aware, the Coeur d'Alene Wildlife Management Area affords some of the finest birding in the vicinity. Along with the migrating Tundra Swan, American Wigeon and Northern Pintail; nesting Wood Duck, Pied-billed Grebe,

Sora and American Bittern can be found here. Other species include Hooded and Common Merganser, Great Blue Heron, Osprey, Northern Oriole, Wild Turkey, Red-necked Grebe, Black Tern, and Yellow-headed, Red-winged and Brewer's Blackbirds. Common Loon, Black-crowned Night Heron, Trumpeter Swan and White-fronted Goose have also been sighted in the Wildlife Management Area.

The Idaho Department of Fish and Game should provide for the needs of all the dependent species, including amphibians and reptiles such as the Painted Turtle, in the long-range management plan. This would include protecting Bald Eagle nesting sites from disturbance, using non-lethal means for managing "problem" beavers, protecting habitat for all migratory birds, not just game and waterfowl, maintaining department fences, dikes and other water level control structures. Some of these issues were identified at the open house. Others listed were: heavy metal contamination, riverbank erosion, airboat, jet ski and ORV use (or abuse?), Thompson Lake waterfowl hunting closure, and the need (?) for additional access for fishing, hunting, boating and other recreational activities. If you hold any views about the future of this prime wildlife-watching river valley now is the time to send your comments to : Idaho Department of Fish and Game, 20250 South Blue Lake road, Harrison, ID 83833.

THOMPSON LAKE FIELD TRIP by Pam Comrie

Saturday, March 16 was not the warm sunny day the weatherman had predicted. But, undaunted, seven of us set out a little after 8:00 a.m. for a day of birding. Gordon and Pam Comrie (field trip leaders), Shirley Sturts, Janet Callen, Judy Waring, Ronn Rich and Bill Gundlach headed to Wolf Lodge Bay where we saw the first 9 species: 1 Herring Gull, 4 Canada Goose, 8 Bufflehead, 2 Common Goldeneye, 6 Mallard, 2 Common Merganser, 1 American Robin, 1 Red-tailed Hawk and 1 European Starling. Continuing on we saw Northern Flickers, Evening Grosbeaks, Dark-eyed Juncos and Cassin's Finchs. The rest of the morning was spent at Thompson Lake where we saw Hooded Mergansers, a Song Sparrow, a large flock of Violet-Green Swallows (Yeah, Spring!), several American Wigeons, Northern Pintails, Green-wing Teals, Red-winged Blackbirds, an American Crow, a Belted Kingfisher, 2 Wood Duck, 2 Great Blue Heron, 6 Killdeer, 3 Bald Eagle (a nesting pair and 1 immature) and 5 Tundra Swan.

After lunch and some hot coffee to warm us up, we headed back north by way of Highway 3, stopping at several lakes along the way. Several Red-tailed Hawks were sighted, including one that was disputing the possession of a mouse with another hawk, tentatively identified as a "Harlan's". Wood Ducks were spotted in pairs here and there along the route. The Black Lake area gave us Pine Siskins, House Finchs, Black-capped Chickadees, a Northern Shrike and one Red-breasted Nuthatch (heard). On the flooded fields we saw Redhead, and were treated to a courtship display by two male Barrow's Goldeneye. There were at least 6 Barrow's Goldeneye. Moving on to Cave Lake and Lane Marsh we found 12 Canvasback, more Great Blue Herons, Ring-billed Gulls, Common Ravens and about 300 (Yes 300) Tundra Swan, and at least 1000 Canada Geese, more American Wigeons and 2 Eurasian Wigeon (good eye Judy). There was also a much discussed

bird of prey we finally agreed was the first Osprey sighting this spring. Last but not least, at Killarney Lake we saw 2 Gray Jay and a nesting Bald Eagle and 5 Hooded Mergansers

All in all, an excellent day with 40 species.

MICA BAY SURVEY

Observers: KSB, CC, JC, GC, PAC, BG, JH, SH, CL, TP, SHS, RY (See Observation Post)

	March 6	March 23
Red-necked Grebe	-	2 building nest
Great Blue Heron	1	60+ at nests
Canada Goose	-	60+
Wood Duck	-	3
Mallard	-	20+
Green-winged Teal	-	1
American Wigeon	-	15
Common Goldeneye	-	2
Bufflehead	-	12
Common Merganser	-	17
Sharp-shinned Hawk	1	-
Red-tailed Hawk	-	2
Harlan's	1	-
Killdeer	-	4
Common Snipe	-	1
Ring-billed Gull	-	1
Herring Gull	-	4
Glaucous Gull	-	1 adult
N. Pygmy Owl	1	-
Belted Kingfisher	-	2
Downy Woodpecker	-	1
Northern Flicker	4	-
Violet-g Swallow	-	25+
Steller's jay	1	1
Common Raven	1	-
Black-b Magpie	-	3
Black-C Chickadee	11	8
Mountain Chickadee	3	3
Red-b Nuthatch	3	4
Golden-c Kinglet	6	-
Western Bluebird	-	7
American Robin	-	10+
Varied Thrush	4	-
E. Starling	1	3
Spotted Towhee	2	-
Dark-eyed Junco	25	6+
Song Sparrow	3	8
R-winged Blackbird	6	12+
House Finch	4	4
Evening Grosbeak	6	8
Beaver	1	1
Muskrat	-	-
Mink	-	1
Yellow-pine Chipmunk	-	1
Coyote	-	1

OBSERVATION POST

Observers: Jane Badraun (JAB), Kris Buchler (KSB), Corinne Cameron (CC), Pat Cole (PC), Gordon Comrie (GC), Pam Comrie (PAC), Bill Gundlach (BG), Gertie Hanson (GH), Jerry Hanson (JH), Sharon Hanson (SH), Lisa Kirchoffer (LS), Cindi Langlitz (CL), Jack McNeel (JM), John Nigh (JWN), Theresa Potts (TP), George Saylor (GES), John Shipley (JNS), Shirley Sturts (SHS), Judy Waring (JDW), Roger Young (RY), RBR Rare Bird Report for Northern Idaho - Eastern Washington - Northeastern Oregon Phone (208) 882-6195 or Internet-Web Site: <http://pimacc.pima.edu/~cwilliamson/index.html>

1. Double-crested Cormorant 1 Long Bridge Sandpoint Feb. 11 to Present Feb. 22 (PC)
2. Tundra Swan 71 Heyburn S.P. March 14 (LK): 30 Cougar Bay, CDA Lake area March 11-14 (BG) and 43 March 13 (GH):
3. Greater White-fronted Goose 5 Heyburn S.P. March 14 (LK) and 2 March 18 (PW,JDW)
4. Snow Goose 1+ Thompson Lake Dec. 4, 1995 (JWN)
5. American Wigeon 3,300 Pend Oreille Lake and River Jan.5 Mid Winter Aerial Waterfowl Count done by the Fish and Game Department (PC)
6. Barrows Goldeneye 1 Spokane River, Post Falls March 3 (PC)
7. Common Goldeneye 635 Pend Oreille Lake and River Jan. 5 Mid Winter Aerial Waterfowl Count by the Fish and Game Department (PC)
8. Redhead 11,350 Pend Oreille Lake and River Jan 5 Mid Winter Aerial Waterfowl Count done by the Fish and Game Department (PC)
9. Lesser Scaup 2,330 Pend Oreille Lake and River Jan. 5 Mid Winter Aerial Waterfowl Count done by the Fish and Game Department (PC)
10. Cooper's Hawk 1 Hayden Lake and 1 at Post Falls Feb. 23 (JNS)
11. Ring-necked Pheasant 1 Tubbs Hill March 18 (BG)
12. American Coot 23,485 Pend Oreille Lake and River Jan. 5 Mid Winter Aerial Waterfowl count done by the Fish And Game (PC)
13. Killdeer 1 Cent. Trail Corbin Park March 9 (GC,PAC); Post Falls area March 12 (CC) 14.
14. Mourning Dove 1 Carder Farm (Blackwell Hill) March 12 (GH)
15. Northern Pygmy Owl 1 heard Fernan Lake from Feb. 12 to present March 21 (SHS)
16. Great Horned Owl 2 continues to call Carder Farm (Blackwell Hill) March 12 (GH)
17. Pileated Woodpecker 2 Twin Lakes March 19 (CL)
18. Horned Lark 1 Post Falls by the NIC Work Center area March 12 (CC)
19. Gray Jay 2 all winter Twin lakes (CL): 2 at feeder since Feb.14 Potlatch Hill (KSB)
20. Pygmy Nuthatch 25-30 NIC and Tubbs Hill March 1 (GES)
21. Winter Wren 1 pair building a nest Tubbs Hill March 17-18 (BG)
22. Varied Thrush an unusual invasion in our area January-March everyone was reporting them at their feeders; 10 March 6-7 feeder of (PW,JDW) and 12 feeder of (RY)
23. Western Bluebird 1 Rathdrum Prairie March 1 (JAB) and 3 pair Kelso Lake (GH,TP) 1 pr. Coeur d'Alene March 19 (JTC)
24. Mountain Bluebird 2 m.1 f. Kelso Lake March 1 (GH,TP): 2 Twin Lakes March 17 (CL)
25. Townsend's Solitaire 1 Sanders Beach, Coeur d'Alene (GES)
26. Spotted Towhee (Rufous-sided) 1 Sanders Beach, Coeur d'Alene March 15 (GES) 1 Tubbs Hill March 18 (BG): 1 Carder Farm (Blackwell Hill) March 19 (GH)
27. American Tree Sparrow 1 Carder Farm (Blackwell Hill) March 19 (GH)
28. Western Meadowlark 1 heard Post Falls area March 12 (CC)
