AUDUBON LOBBYIST

(Report from Ellen Scriven)

You can support the Audubon presence in the Idaho legislature. The Idaho Audubon Council has T-shirts with either a Mountain Bluebird or the IAC logo available for \$15. The proceeds help to keep a professional and reliable lobbyist in Boise representing the policies of the council and working to affect change in conservation related issues. Donations are also welcomed.

**CONSERVATION TIPS**

by Ellen Scriven

Did you know that when we buy \$10 worth of food, \$1 of it pays for the packaging. The amount spent on food packaging in this country is more than the country's farmers receive in net income. Packaging accounts for a whopping one third of the waste we produce. When Shopping, look for products in the simplest packaging. When possible, buy in larger quantities to reduce packaging. Better yet shop at stores and order from distributors that sell in bulk and where you can, use and re-use your own containers.
